

ALTERNATIVE AND EMERGENCY WATER SOLUTIONS

NEW SUPPORT AND DEPLOYMENT TO SITE OPTIONS!

24/7*

Now, with our new AiS support vehicles, we are able to bring our experience and solution options to you...

Seamless supply continuity for planned and unplanned water supply interruption situations. Everything from:

- Business as usual R and M interruptions
- New connection interruptions
- Business continuity
- Low pressure situations
- Direct connect for vulnerable and priority customers

plus lots of others.

Each supply pump can service up-to 100 domestic properties, all Arlington personnel are blue card qualified and experienced with a wide range of deployment situations.

To download our latest alternative water brochure go to:

If you would like to know more about our services please contact us on: 01672 563723, visit our website: www.emergencywater.co.uk or email us at info@emergencywater.co.uk

* subject to contract

With our own dedicated rapid response vehicles stocked and ready to go, we can respond at short notice to requests for support and equipment, working autonomously or as part of a larger response effort.

- Pumped and gravity fed deployments
 - Water carrier supply and distribution
 - Network replacement installations - infusions to the network
 - Direct connect installations - individual properties
 - Temporary infrastructures
- Combat Minutes Lost • Improve SIM Scores

The equipment shown in the picture (left) supplied over 500m³ of pristine drinking water to 60 properties over 12 days whilst service reservoir maintenance was carried out.

All of the equipment shown above was delivered and set-up and later in a single trip by Arlington personnel in a van similar to the one shown (left)
